

# *suggestions for* CHARADE

## DIRECTIONS

Print out file.

Place cut out strips into bowl.

Determine a set amount of time per round/player.

Taking turns, one player choose a strip of paper to act out while his team tries to guess.

Once the team has gotten it right, the actor choose another clue until the time runs out.

Actors may not use words during their turn.

Since rules vary, it's always helpful to clarify which rules apply before play starts.
